

## SPECIFICATIONS

ZKTeco SenseFace 2A Facial Recognition & Multi-Biometric Access Control Terminal with Video Intercom Capability & Adapter (WiFi)

Regular Price 12,700

Special Price 11,700

ID: 127.06.691.201

### General

|       |                     |
|-------|---------------------|
| Brand | ZKTeco              |
| Model | ZKTeco SenseFace 2A |
| Type  | Access Control      |

### Technical Info

|                     |                                                                                                                                                                                                                                                                                                                                                                                                                               |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Function            | ID Card Module, Fingerprint Sensor, Face                                                                                                                                                                                                                                                                                                                                                                                      |
| Standard Function   | ADMS, DST, Photo Capture, Event Photo Capture, Up to 14-digit User ID, Access Levels, Groups, Holidays, Record Query, Schedule Bell, Tamper Switch Alarm, Automatic Status Switch, Multiple Authentication Methods, SIP Client (Version 2.0), ONVIF (Compatible with Profile S, Profile T, Profile G, Profile C, Profile Q & Profile A), AC Push and TA Push Protocol Switch, HTTPs / SSH Backend Access, T9 Keyboard (Input) |
| Optional Function   | IC Card, Wi-Fi, Wireless Doorbell                                                                                                                                                                                                                                                                                                                                                                                             |
| Time Attendance     | Yes                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Display             | Yes                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Display Size (Inch) | 2.4                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Display Details     | 2.4 Inch @ TFT Color LCD Screen (320 x 240)                                                                                                                                                                                                                                                                                                                                                                                   |

### Main Features

|                             |                                                         |
|-----------------------------|---------------------------------------------------------|
| Fingerprint Sensor          | Yes                                                     |
| Camera                      | Yes                                                     |
| Camera Details              | WDR Binocular Camera @ 1MP                              |
| Face Detection Camera       | Yes                                                     |
| Facial Recognition Distance | 30cm to 200cm (Facial Authentication)                   |
| Verification Speed          | 0.5 sec (Fingerprint), 0.35 sec (Facial Authentication) |
| Fingerprint Capacity        | 3000                                                    |
| Face Capacity               | 1500                                                    |
| Card Capacity               | 150000                                                  |

User Capacity 3000PCS

## Interface

Communication Interface TCP/IP x 1, USB: Type A (USB Drive Only) x 1, Electric Lock x 1, Door Sensor x 1, Exit Button x 1

## Software

Algorithm Version ZKFace V4.0, ZKFingerprint V13.0 (Standard)

SDL/Software Software: ZKBio CVAccess / ZKBioTime, Mobile App.: ZKBio Zlink, Cloud Service: ZKBio Zlink

Authentication Fingerprint / Face / Card / Password (Physical Keypad)

Operating System Linux

OS Supported Linux

## Power Info

Power Supply DC 12V 1.5A

Power Adapter Included

Operating Temperature -5 Degree C to 45 Degree C

Operating Humidity 20% to 80% RH (Non-condensing)

## Physical Description

Dimensions 205.20 x 74.19 x 33.30mm

Weight (Kg) 0.258 Kg

Color Black & Gray

Package Contents ZKTeco SenseFace 2A, Adapter

## Warranty

Warranty Details 1 Year (Without Adapter)

Feature Visible Light Facial Authentication Technology and ZK Optical Fingerprint Verification Multiple Authentication Methods: Facial / Fingerprint / RFID / Password Available RFID Modules: 125 kHz ID Card / 13.56 MHz IC Card HD Video Door Phone Via SIP Protocol (Version 2.0). Compatible With ZKTeco SIP Video Intercom Indoor Monitor (VT07-B01 and VT07-B01-W) User Data Synchronization: User data can be downloaded/uploaded from one device to another via a USB drive. Simple access control functions (electric lock, door sensor, exit button)

Others Hardware: CPU: Dual Core @ 1 GHz, RAM: 512 MB; ROM: 8 GB, Speaker: 8 ohm @ 1 W, Microphone: 1 (Sensitivity: -32 dB / Omni-directional / Signal-to-Noise Ratio: -32, dB/Impedance: 2.2 k ohm), Supplement Light: Yes, Physical Keypad: 17 Keys, Fingerprint Sensor: ZK Optical Sensor, Transaction Capacity: 150,000 (1:N), Max. User Password Length: 8 Digits, False Acceptance Rate (FAR) % FAR - 0.01% (Visible Light Facial Authentication), FAR - 0.0001% (Fingerprint), False Rejection Rate (FRR) % FRR - 0.02% (Visible Light Facial Authentication), FRR - 0.01% (Fingerprint), Card Type ID Card@125 kHz (Standard), Installation Wall-mount (Compatible with Asian Gang Box/Single Gang Box), Certifications ISO14001, ISO9001, CE, FCC, RoHS
